## SOME OF THE MANY EMAILS WE RECEIVED AFTER THE DAY = PLEASE SUPORT OUR SPONSERS

It was a great day to be part of as a player and sponsor, also to see how you operate as team putting on a successful event like that.

Further to that I'd be more happy to work with you and your team again in the future.

Kind regards

## Midweek Ladies Report

Beautiful day on the golf course today and it was a fun day as we played the purple course. Lots of sighs when we saw our low handicaps, however everyone enjoyed the day. Lesley took advantage of the short course and came in with 37 points to win the day.

Twos were drawn and Lesley got drawn along with Mary. They will probably ban me soon.

Putting points went to Mary 3 for 30, Lesley 2 for 31 and 1 for Kath & Joy. A for 32 putts.

Next Tuesday the comp is Hidden Partners, Stbf.

Good Golfing

Lesley.

## Pennant 2025

Taranaki golf want an indication from clubs of teams entering Pennant for 2025. A sheet will be up in the Ladies' room to put your name on if you want to play pennant in 2025.

We hope to enter a Weekend and Mid-week team.

Good golfing

Lesley

# HOW TO REPAIR A PITCHMARK

**Correct Method**

**Incorrect Method**

## **The Correct Way to Repair a Pitch Mark Is....**

1. Insert repair tool just outside the back of the ball mark. Pull the turf towards the centre of the hole. Repeat this same motion on all sides of the hole.
2. Gently tap the repaired area with your putter.
3. This action stretches undamaged turf over the ball mark providing instant recovery.

## **The In-Correct Way to Repair a Pitch Mark Is....**

1. DO NOT pry up the centre of the depression with repair tool as it exposes the soil and will delay the healing process.
2. DO NOT insert repair tool and twist it. This only breaks more turf loose.
3. A Pitch Mark takes only 15-30 seconds to fix correctly, a Pitch Mark in-correctly repaired takes over 3 weeks to heal.

## **PLEASE DO IT THE CORRECT WAY FIRST**

### **Tips:**

1. If your pitch mark has actually displaced a piece of turf, do not replace it. Just work around the edges with your repair tool as normal. Any replaced turf will simply die, delaying the healing process.
2. Pushing the tines of your repair tool under the indented area and pushing up only damages the root system.
3. You should not only always repair your pitch marks, but, time permitting, you should repair any other ball marks you see, too.

## **Pitch mark repair tools available from our pro shop.**

### **Did You Know.....**

**Question: - My ball lies just short of the green. There is a pitch mark, just off the green, between my ball and the hole.**

**Can I repair the pitch mark or can I get another player to repair it?**

**Answer: - No**

A player must not improve or allow to be improved his line of play by eliminating irregularities of surface.  
See Rule 13-2 (Penalty for breach of rule: - Match Play - Loss of hole, Strokeplay - 2 shots)

**Question: - My ball lies just short of the green. There is a pitch mark on the green, between my ball and the hole.**

**Can I repair the pitch mark?**

**Answer: - Yes**

A player may repair on old hole plug or damage caused to the putting green caused by the impact of a ball whether or not the player's ball lies on the putting green.

(Any other damage to the putting green must not be repaired if it might assist the player in his subsequent play of the hole).

See Rule 16-1
